SAFETY DATA SHEET

FINOX R

1. Identity of the substance/preparation and company identity

Product name: Finox R

Product code: FINOXR

Use: Final sharpening and polishing of sharpened steels, notably stainless steel

Supplier: EURL LOFT

Le Fresse

42440 Noiretable

France

2. Hazards Identification

Information pertaining to particular dangers for man and environment.

Adverse effects on health: Under normal conditions of use, the components of this product do not present a danger of acute intoxication.. It is not irritating to the eye or the skin and should not cause allergic reaction.

Pysico-chemical hazard: no particular risk of flammability or explosion.

Specific risks: none, under normal use.

Symbols of danger: Not subject to the regulation.

3. Composition / information on the components

Chemical nature:

- Micro crystalline wax (Hydrocarbons in C20-C50): CAS 63231-60-7
- Mixture of vegetable oils: CAS 8001-26-1, CAS 8002-13-9
- Mixture of Silica and Kaolin: CAS 014808-60-7, CAS 001318-74-7
- Iron Oxide (Fe₂O₃): CAS 1309-37-1

Dangerous components : none

Dangerous trace elements or impurities : none

4. Primary help

General remarks: In case of serious trouble, call a doctor or ask for medical help.

Skin contact: after contact with the product, wash contacted area with water and soap.

Eye contact: spread the eyelids and wash abondantly with water

Ingestion: No special treatment is usually necessary. Do not induce vomiting to avoid aspiration into the respiratory tract. If aspiration is suspected, transport urgently to hospital.

5. Fire-fighting Measures

Flash point: More than 200 Centigrade/392 Fahrenheit

Extinguishing media:

Suitable: CO2 foam, powder

Not advised: Water

6. Accidental Release Measures

Personal precautions: Avoid contact with eyes.

Environmental: No special precautions.

Methods of cleaning: Water + soap

Retrieval: No special directives

Disposal: Send in suitable containers for recovery or disposal.

7. Handling and Storage

HANDLING:

Prevention of worker exposure: N/A

Prevention of fires and explosions:

*Keep away from sources of ignition.

*No smoking.

Precautions: N/A

Tips for use (incompatible materials...): N/A

STORAGE:

Storage conditions:

*Keep away from light and moisture.

*Temperature: More than 35 Centigrade/ 95 Fahrenheit

8. Exposure Controls/ Personal Protection

Exposure limits: Refer to 7. Handling and storage and 15. Regulatory information.

Respiratory protection: N/A

Hand protection: N/A

Eye protection: Wear safety glasses when using

Skin and body protection: N/A

Hygiene measures:

*Wash hands after use

*Keep away from food and beverages for humans and animals.

9. Physical and Chemical Properties

Physical state: Pasty solid

Odor: Characteristic

Red (Bordeaux): Color

Shape: N/A

Solubility: N/A

10. Stability and Reactivity

Stable under normal conditions.

Hazardous reactions: No known reactions

Hazardous decomposition products: N/A

11. Toxicological Information

Generally regarded as a non-toxic substance based on experience of long term exposure.

Local effects: None, under normal use.

Toxicity: No known effects

Specific effects: N/A

Primary irritation:

*Skin: Not listed as irritational product, although permanent contact should be avoided.

*Eyes: In case of eye contact after first aid measures, red or burning eyes can occur.

*Sensitization: The product is not classified as sensitizing.

12. Ecological Information

None

13. Disposal considerations

In accordance with national and local regulations, special waste must be taken to an authorized waste incineration or authorized recycler.

14. Transport information

The product does not constitute a hazardous substance in national/international road, rail, sea and air transport. Not classified as dangerous goods.

15. Regulatory Information

The product does not require a hazard warning label in accordance with the EC directives on dangerous substances.

16. Other Information

Avoid eye and skin contact. If possible, use gloves during operation and handling. Keep away from children. This data is based on our present knowledge. However, they shall not constitute a guarantee for any specific product features, and shall not establish a legally valid relationship. This safety data sheet is valid until further information from the supplier.

Date of issue of the file: 2019-01-19

*This sheet supplements the technical manuals but does not replace them. The information it contains is based on the state of our knowledge of the product concerned, as of the date of writing.

*It does not exempt the user from knowing and applying all the texts regulating his activity. He will take uder his sole responsibility the precautions related to the use he makes of the product.

*All the regulatory requirements mentioned are merely intended to help the recipient fulfill his obligations, and this list cannot be considered exhaustive.

*The recipient must ensure that other obligations are not incumbent on him because of texts other than those mentioned.

*Users'attention is also drawn to the possible risks incurred when a product is used for other purposes than the one for which it is designed.
