

Purified Beeswax

- **Ideal for making your own Beeswax polish**
- **Lubricates draw runners**
- **Traditional wood filler**

Product use

Liberon Purified Beeswax is 100 % pure beeswax for making furniture polish and lubricating draw runners. It can be dissolved in pure turpentine.

Application

To make wax polish melt 100 g of Purified Beeswax in a container. Remove from heat and stir in 100 ml of Liberon Pure Turpentine. Pour the liquid into a suitable sealable container (not plastic), seal and allow to cool before use. For a harder polish added 10 g of Liberon Carnauba Wax.

Important: Always mix products first in small quantities and test on an inconspicuous area to check colour, compatibility and end result.

Packaging

15 x 25 g, 200 g, 1 Kg
